UPDATE ON VOCA NEGOTIATIONS

The Phase 1A VOCA negotiations between the Ekurhuleni Taxi Industry (ETI) and the City of Ekurhuleni (CoE) have concluded and a draft 12-year VOCA has been agreed to.

On 29 October 2024, the CoE council approved the draft negotiated VOCA and resolved that a Public Participation Process, including engagements with the ETI, should be undertaken as required by section 33 (1) (a) of the Municipal Finance Management Act (MFMA) of 2003.

The ETI engagement sessions took place from 21 - 30 January 2025 and the negotiation committee, which comprises the ETI, CoE and technical teams is currently reviewing the comments received from the public participation process.

The negotiation committee has also identified several deliverables such as identifying value chain opportunities, conducting BRT study tours and finalising the Operations Service Plan.

STAFF ENGAGEMENTS ROADSHOW WITH THE CEO

To kick start the 2025 calendar year, the Executive Management Team led by the Chief Executive Officer and the ETI leadership will embark on a roadshow to all the KTVR Bus Service sites to engage with all staff members on the organisation's key priorities and deliverables under the theme **"Instilling Professionalism and Discipline within KTVR"**.

This roadshow will coincide with the 100 days of the CEO since joining KTVR at the beginning of November 2024.

At the scheduled roadshow sessions, the CEO will share his 100-day assessment of the organisation with everyone and outline his short, medium and long-term plan to address some of the evident challenges and how to sustain parts of the organisation that are working well.

Roadshow Schedule:

Session 1:

Head Office: Thursday, 13 February 2025

Session 2:
